FREQUENTLY ASKED QUESTIONS (BAR RELATED)

Q: Do we get a dedicated server?

A: By default a dedicated server is not included in your reservation. However our staff visits the space regularly to check on your guests. You can opt to add a dedicated bartender for \$25++ per hour.

Q: Can I bring drinks for the kids?

A: No outside beverages are permitted. We have a wide variety of non-alcoholic options including sodas, bottled water and juices that we can provide for your party. You're welcomed to purchase several at a time to have available in the event room or have them added to your tab as they're purchased.

Q: Can I use my Drink Tickets later?

A: Unfortunately, no. We staff based on the assumed attendance and consumption. In addition, each room does have a beverage minimum to meet that day. We suggest buying the minimum number of drink tickets you need. You can always buy more the day of the event.

Q: Our party has a lot of non-drinkers...

A: That's ok! We have a wide variety of non-alcoholic options including N/A Beer & Sparkling Wine alternatives, Coke products, juice boxes (for the little ones). Drink tickets can be redeemed for N/A Beer & Sparkling Wine. We do not recommend using drink tickets for Coke, juice or bottled water. Instead, we suggest leaving a card on file for N/A beverages. Typical parties usually end up paying appx \$15-\$20 for N/A sodas and waters.

Q: Can I bring outside beer, wine or spirits? Can my guests order from Casa?

A: This is a hard no. Outside alcohol of any kind is prohibited. If a guest brings a bottle as a gift, it must be stored out of sight and not opened. Violation of this policy may result in immediate cessation of the event, with full balances due and a potential fine of \$1000 (this is the fine we face if we are found with spirits on our premises). Using mini bottles as favors, decorations, cake toppings, etc is also prohibited and will result in termination of the event.

FREQUENTLY ASKED QUESTIONS (CATERING)

Q: Do we get a dedicated food server?

A: By default, a dedicated food server is not included in your reservation. However our catering staff visits the space regularly to check on your catering needs & replenish. You can opt to add a dedicated server for \$25++ per hour per server.

Q: Can I bring a cake/cupcakes?

A: Absolutely. We do not charge for you to bring your own cake or cupcake. Just remember to bring your own plates, utensils & cake cutter!

Q: Can I mix catering + outside food?

A: Yes, we are happy to provide as little or as much catering as you like. Please note, only in-house catering gets applied toward your F&B minimum.

Q: Do you offer kids items?

A: Our regular bar menu has several kids options available. You're welcome to order in advance off our regular menu.

Q: Can I use Outside Catering?

A: Yes. We charge a \$100 fee for utilizing outside catering services. In addition, this amount is not applied towards your Food & Beverage Minimum. Please ask your caterer to provide all plates, service utensils & cutlery.

Q: What kind of plates do you provide?

A: If you are utilizing our catering, we provide disposable white fiber plates & plastic cutlery. You're welcome to bring your own if you have a different preference. If you are using outside catering, you will need to provide your own plates & cutlery.

FREQUENTLY ASKED QUESTIONS (SETUP / DECOR)

Q: How many can your event room hold?

A: It depends. For a fully seated event, we can accommodate up to 45 guests. For social events/mingling, we reduce the seating to 26+ to provide more standing room and can accommodate up to 60. If your event will have guests coming and going throughout the event, then you could feasibly have up to 75 guests.

Q: Can we use the taproom & courtyard?

A: Our taproom is open to the public and the courtyard is available for everyone to use (including your party). These areas are available on a first-come basis and are not designated for your party.

Q: Do you offer decorating services?

A: We're glad you asked! We have started adding simple decor package options (depending on type of event). Contact us for info and pricing.

Q: Can I decorate however I want?

A: It depends. We welcome you to bring your own decorations. If you want to affix anything to our walls, bring sticky tack (putty). No command hooks/strips or tape. And please don't attach anything to our chalk mural wall. If you bring balloons, be sure to take them with you (whole!) and please no confetti or open flames. Failure to abide by these rules will result in additional charges.

Q: Can I get more than 1 hour to decorate?

A: It depends. For early events (1-4pm with access at 12), there will be a \$100 fee per hour of additional time. For evening events, you can reach out to us the day before the event to confirm there is no other event scheduled and if there isn't then we can provide you with up to an additional 30 mins of access. If that isn't sufficient and they still want additional time, then that would be at a rate of \$100 per hour of additional setup time.

Q: Tell me more about music & bands...

A: For the event room option, you're welcome to provide us with your preferred Spotify playlist or bring your own speaker/music. We don't recommend musicians due to the size of the space & acoustics. For taproom buyout, we're happy to play whatever playlist you'd like. You can opt to have a band perform (but no drums please). We're happy to recommend a talented local group!

Q: Can I do karaoke, cornhole or games?

A: We really wish you could, but the event room is simply not big enough to have any of these forms of entertainment in them. If you've opted for the taproom buyout, then we can most likely accommodate certain games and/or karaoke. Unfortunately, our lease won't allow us to have games outside except for pre-approved events.

Q: Can I bring bubbles, chalk, toys or activities for the kids?

A: Simply put, no. We are a brewery and unfortunately this means saying no to things like bubbles, chalk, etc. Bubbles create slippery floors and are a slip hazard. Chalk defaces the common areas that we share with other tenants. Toys get thrown and can hit others. That being said, if there is a quiet activity that a child can do while with their parent (such as scratch art, cookie decorating, etc) then yes.

Q: Another thing about kids...

A: Children must be ACTIVELY supervised at all times. What this means is that parents should be near the children and watching them while they're at the brewery. It's very easy to get caught up in conversation and lose sight of a child and we want to ensure everyone's safety. Damaged caused by children may result in additional fees.
